

The Rules of Hate

Ancient Dome

Deaf Leaders, tongue-tied mob
Cowards obtain to control
Prophets bless the community
In exchange for tacit consent
Children in assembly line
Masters chain their slaves
Feeding Hunger Worldwide
Promises faded to haze

The lesson will start soon
Please refer back to your notes
Read off The Rules of Hate
the Panic Generator dictates
The Rules of Hate

Get a job!
Go to Work!
Get married!
Have children!
Pay your taxes!
Act normal!
Walk on the pavement!
Watch TV!
Obey your Government!
Save for your old age!
Now repeat after me... "I AM FREE"!

Fathers commit suicide
Dungeons of multiple rapes
Chaos as model for the Modern Design
We're sinking into the Abyss
Fragments of lives on the chessboard
Armies go to war for peace
Parasites are leading the way
What a fucking relief!

You're ready for The Rules of...

Get a job!
Go to Work!

Follow fashion!

[Solo:]

Go to school
Learn as less as you can
Support the Ignorance
and fuck the rest

This World is hungry
And addicted to violence
Where culture once saved
Now weapons command
Bury the Different
You have no choice
This is the cruel truth
Life's so good here
So take your part
No more superheroes
No more free art
