

# Aphelion Light Evanescence Into Extinction

...and Oceans

It's a crime - it is a crime to be innocent  
In life - in this life and presence  
All life - all life is indifferent  
Now's when - when all's past and gone

[Chorus:]

Turn away - fade away  
Turn away - fade away

It's a crime - it is a crime to be silent  
When colours - when colours have no nuance  
You little - you little insects  
Splashed out - splashed out of all essence

Fade away - fade away  
Fade away - closer every day

[Chorus]
