Andragonia

"Hello...Hello...Hello...  
What do you want from me...?"

"Hello, Do you remember me?  
I'm coming back to haunt you  
Until the end of all your days!"

I have been buried deep inside  
Now it's time to face you eye to eye  
I'm the judge you've never faced  
Come to me and feel my cold embrace

I just don't know  
What do you want from me?

She was full of life I couldn't deny my desire  
The taste of her fresh blood lighted up my fire!  
She bled - I'll Bleed  
You can't see how much you'll cry  
That poor girl is gone  
Now your time has come...

I'll have to pay for crimes I've done  
I know the law will never catch me  
No redemption I've gone too far  
No forgiveness I'll face my end!
