Uh you see im way to aggressive to act embarrassed  
And im cool with my game and the love we charish  
Stay true even if I knock a broad like paris  
But I never let her get a day off like ferris  
Im a chief then parish like dust and ash  
Homie pass me the blunt baby wats tha math  
You can add it up pimps and thugs, homies is tatted up  
Bounce stay hey only till you had enough  
Ima keep it real like a responsibility  
Im known and im prone had the whole world feeling me  
Ill burst until it's really one and a million  
Ill park, spark and im all in the building  
C'mon this aint love on a 2 way street  
See im Queueze and beleive mayne you aint me  
See it's all here and now when im up in your town  
Ill rip the show get the door blow smoke tell hoes get down

You can bounce, shake 'cause your all in the flow to get down  
You can bounce, shake im telling you sqaures to get down  
Get down don't wanna get hurt then get down  
Roll up keep filling the cup, gotta get up to get down

We keep on moving mayne raise the states  
For the chefs nothing left but to bake to cake  
Stop procrastinatin' mayne get it outa the oven  
Im hugging my moma tight slap 5 with my 'causein  
Its a family thang(fo real)we all gotta get stay tight  
Bless on Southwest pray for a safe flight  
I couldnt care if you never got my name right  
Its Quipto, Frisco cat living that bay life  
You heard about us Westcoast citys  
The home of all good for sheez and wats really  
Respect and get back don't get back hand silly  
We blowing up the Swishy or rolling up to Philly  
Im not making it pretty it is what it is  
Were just getting fucked in the industry biss.  
They all robbing the slang and mimic the sound  
Then they take it and they make it for there own  
Just so they can get down

Bounce, shake and get in my way to get down  
Better bounce shake im all in your town to get down  
Get down im telling you squares to get down  
Roll up keep filling the cup gotta get up to get down
