

# Me Without You

Andrew Allen

Looking through, all the photographs of me and you  
I keep staring at my phone, not trying to look alone  
But I probably do

Went to our favorite place, I ordered takeout for the third straight day  
It's not that I can't cook for one, it just isn't any fun  
And it doesn't taste the same

Me without you, is like a garden without the flowers  
Me without you, is like Paris no Eiffel tower  
Like a roller coaster ride without the loops  
I wouldn't be me, without you

TV's on, I said I wouldn't watch when you were gone  
But I'm up to season three, what the hell is wrong with me  
I been here all night long

Me without you, is like a garden without the flowers  
Me without you, is like Paris no Eiffel tower  
Like a roller coaster ride without the loops  
I wouldn't be me, without you

When you're around, everything is right  
When you're around, I just love my life  
When you're around, I can feel the truth  
'Cause I'm a better me, whenever I'm with you

Oooo

Me without you, is like a garden without the flowers  
Me without you, is like Paris no Eiffel tower  
Like a roller coaster ride without the loops  
I wouldn't be me without you

Me without you, is like a garden without the flowers  
Me without you, is like Paris no Eiffel tower  
Like a roller coaster ride without the loops  
Like a mountain in the sky without a view  
Like the radio without your favorite tunes  
I wouldn't be me, without you
