

My Friends

Andrew Allen

(Ba-da ba-ba ba-da ba)

Somebody said tequila
Four shots in I forgot that I used to need ya
Before I knew it I was ten feet tall
On the court playing basketball, but
I don't play sports at all

And if you're moving on with someone else
Don't think I'll be crying to myself

'Cause I got my friends
They laugh when I'm not that funny
Don't try to make me be somebody
Ba-da ba-ba ba-da ba
'Cause if they did then they're not my friends
Don't care if I'm flying first class
Or if I got a brand new bus pass
Ba-da ba-ba ba-da ba
'Cause if they did then they're not my friends

I found me a piano
Four chords in and it wasn't Despacito, no
If the world was ending made its grand debut
Making me sad just thinking of you
But my friends they pulled me through

'Cause I got my friends
They laugh when I'm not that funny
Don't try to make me be somebody
Ba-da ba-ba ba-da ba
'Cause if they did then they're not my friends
Don't care if I'm flying first class
Or if I got a brand new bus pass
Ba-da ba-ba ba-da ba
'Cause if they did then they're not my friends

I got my friends
Don't try to make me be somebody
Ba-da ba-ba ba-da ba

So if you're moving on with someone else
Don't think I'll be crying to myself

'Cause I got my friends
They laugh when I'm not that funny
Don't try to make me be somebody
Ba-da ba-ba ba-da ba
'Cause if they did then they're not my friends
Don't care if I'm flying first class
Or if I got a brand new bus pass
Ba-da ba-ba ba-da ba
'Cause if they did then they're not my friends

I just got a brand new bus pass (it's brand new)
Oh, haha
Ba-da ba-ba ba-da ba

'Cause if they did then they're not my friends
