

Inside Voices

Andrew Belle

One last stop before we're home
Lay back down
Put off your phone

I know you're alright
Inside voices
Wrong in your own right
Last laugh

You are the sun
The sun in my eyes
You wanted a taste
Don't act surprised

Early lines are showing up
Put your wine before the cup
I'll think my way out
Inside voices
You're what it's all about
Don't you forget it

You are the sun
A bird in the hand
You wanted some good
But you got it bad

You are the sun
A twist in the plot
You wanted a change
I'm all you got
