

Teardrops

Andrew Gold

Yes, they hurt you
Badly, sadly
People can be so cruel
This world is full of fools

Rain is falling softly
Gentle as a sigh
Can you hear it whisper?
Take your time

The storm will soon be over
Wash the night away
Teardrops
Teardrops

I'm here beside you
Tonight I'll hide you
Let it go
And let it go
You'll still be here tomorrow

Rain is falling softly
Gentle as a sigh
Can you hear it whisper?
Take your time

The storm will soon be over
Wash the night away
Teardrops
Teardrops
Teardrops
Teardrops

I can explain
Oh, I can explain

Rain is falling down
Rain is falling down

Teardrops

Rain is falling softly
Gentle as a sigh
Can you hear it whisper?
Take your time

The storm will soon be over
Wash the night away
Teardrops
Teardrops
Teardrops

Rain is falling softly
Gentle as a sigh
Can you hear it whisper?
Take your time

The storm will soon be over
Wash the night away
Teardrops
Teardrops
