

## Linda Ronstadt

Andrew Jackson Jihad

Today I lost my shit in a museum  
It was a video installation of Linda Ronstadt  
And I really miss my friends, but I don't see them.  
All I see is this video of Linda Ronstadt

Today the salt and sun ran down my face  
After a year of hiding all my feelings  
And I totally lost my shit in that museum  
All from a video installation of Linda Ronstadt

I almost made it through a year of choking down my fears  
But they're gone for now  
All thanks to Linda Ronstadt  
(2x)

I can't handle astounding works of beauty  
I think I like my pretty pretty ugly  
But the beautiful soul I witnessed in that movie  
Was an entirely different kind of overwhelming

It was a dog that won't stop barking  
Like a cut that never stops bleeding  
Arizona sunsets in the early evening  
Or a grown man inconsolably weeping

I almost made it through a year of choking down my fears  
But they're gone for now  
All thanks to Linda Ronstadt
