

# Flesh and Blood

Andrew Peterson

Flesh and blood, born a babe  
Flesh and blood, you lived and breathed  
Amazing love, you came and gave  
Your flesh and blood to set me free

So, Hallelulah for the bread it is His body  
And the wine it is the blood that binds us now  
And the living bread remains the Communion of the Saints  
Sing the mystery of faith, flesh and blood

Flesh and blood, you are my children  
Flesh and blood, if you believe  
So, take this cup, and when you taste  
My flesh and blood, remember me

So, Hallelulah for the bread it is His body  
And the wine it is the blood that binds us now  
And the living bread remains the Communion of the Saints  
Sing the mystery of faith, flesh and blood

We remember blessed Jesus, we remember  
God help us all if ever we forget  
How the author of the story  
Cast off His crown of glory  
For a crown of thorns  
And flesh and blood

So, Hallelulah for the bread it is His body  
And the wine it is the blood that binds us now  
And the living bread remains the Communion of the Saints  
Sing the mystery of faith

We remember blessed Jesus, we remember - bread it is your body  
God help us all if ever we forget - blood that binds us now

And the living bread remains the Communion of the Saints  
Sing the mystery of faith, flesh and blood
