

Rest Easy

Andrew Peterson

You are not alone
I will always be with you
Even to the end

You don't have to work so hard
You can rest easy
You don't have to prove yourself
You're already mine
You don't have to hide your heart
I already love you
I hold it in mine
So you can rest easy

Do not be afraid
Nothing, nothing in the world
Can come between us now

You don't have to work so hard
You can rest easy
You don't have to prove yourself
You're already mine
You don't have to hide your heart
I already love you
I hold it in mine
So you can rest easy

You work so hard to wear yourself down
And you're running like a rodeo clown
You're smiling like you're scared to death
You're out of faith and all out of breath
You're so afraid you've got nowhere left to go

Well, you are not alone
I will always be with you

You don't have to work so hard
You can rest easy
You don't have to prove yourself
You're already mine
You don't have to hide your heart
I already love you
I hold it in mine
You can rest easy
