

# Goodbye

Andrew Rayel

Heaven,  
Open your doors,  
Ready your angels  
Maybe she falls...  
Give her two wings,  
Teach her to fly,  
No fear and no tears,  
She'll say just goodbye...

Without your love  
All is a lie,  
There's cold and pain inside,  
You fade that shining light...  
Please stop her,  
Before she says goodbye...
