## Shima Uta

Diego - The Flowers That We Held Distant Winds Will Breathe And Sigh Beneath The Clouds

Diego - The Flowers That We Lost Distant Winds Are Calling Up A Distant Storm

I Embrace All My Sorrow Deep Within Like The Waves Roll Across The Ocean Shore

Uuji Where We First Met
In A Forest Green And Gold
Now I Stand Beneath The Tree
Where I Cried My Last Farewell

Shima Uta My Island Ride The Wind Together Fly Like Birds Across The Ocean Waves

Shima Uta My Island Ride The Wind Deliver All My Tears Across The Ocean Waves

Diego - The Flowers Gently Sway Gently Fall As They Ripple In The Breeze

Time Goes By And My Dream Of Happiness Drifts Away Petals Floating On The Sea

Uuji Where I Would Sing Close Together With My Friend Now I Stand Beneath The Tree Where I Cried My Last Farewell

Shima Uta My Island Ride The Wind Together Fly Like Birds Across The Ocean Waves

Shima Uta My Island Ride The Wind Deliver All My Love Across The Ocean Waves

The Creator Of My Life
The Creator Of The World
May This Evening Calm
Last As Long As You Live

Shima Uta My Island Ride The Wind Together Fly Like Birds Across The Ocean Waves

Shima Uta My Island Ride The Wind Deliver All My Tears Across The Ocean Waves
