

## Intimate Stranger

Android Lust

I am the water beneath your steps  
I am the fire on your breath  
I am the air the giver of life  
I am the earth the keeper of hives

I am a soldier a needy hand  
I am a seeker of the promised land  
An occasional taker  
A memory bearer  
A tally keeper  
The intimate stranger

We are bound we must be found  
We are the way to heaven  
We live in the dark but we breathe as one  
We must come together

I am a digger in questions hide  
I seek out answers that fit my doubting mind  
A constant thinker  
A judgement maker  
Unconscious sleeper  
The intimate stranger

We are bound we must be found  
We are the way to heaven  
We're still in the dark but we breathe as one  
We must come together

I am water  
I am fire  
I am aether  
I am your answer  
I am the seeker  
The righteous soldier  
The unbeliever  
The intimate stranger
