

The Words Unspoken

Andromeda

There's a million things I'd like to say
But you turn your back, refuse to hear
So, I keep it inside and watch you walk away
But, the vision and the words, will not disappear

So, what is it that you fear, as you turn your face?
There is more in this world, than meets the eye
Reality is what we choose to see and believe

There's a million things you'd like to tell
But, I think I've heard it all before
And I know I'm wrong, I know it so well
Never will I listen to you, nevermore

There's a million things I'd like to say
But you turn your back, refuse to hear
So, I keep it inside and watch you walk away
But, the vision and the words, will not disappear

The feelings we've kept inside,
And the tears we've denied
Always remember it's bitter taste
Remember it's token
Remember the words
