

## Things I Do

Andy Shauf

Seems like I should have known better  
Than to turn my head like it didn't matter  
Why do I do the things I do  
When I know I am losing you?

It was supposed to be a surprise  
Me showing up, you thought I was working  
Why do I do the things I do  
When I know I am losing you?

Thought you'd be happy to see me  
But you said, "What the hell are you doing here?"

Why do I do the things I do  
When I know I am losing you?

You pushed me away from him  
He said "Buddy, calm down," you were so embarrassed  
Seems like I should have known better  
Than to turn my head like it didn't matter  
Why do I do the things I do  
When I know I am losing you?  
When I know I am losing you
