

That Is All

Andy Williams

That is all I want to say
Our love could save the day
That is all I'm waiting for
To try to love you more

That is all I want to do
To get right next to you
That is all I'm living for
Your love and nothing more
That is all

Times I find
It hard to say
With useless words
Getting in my way
Silence often
Says much more
Than trying to say
What's been said before

And that is all I want from you
A smile when I feel blue
And that is all I'm waiting for
Your love and nothing more
That is all

Silence often
Says much more
Than trying to say
What's been said before

And that is all I want to do
To give my love to you
That is all I'm living for
Please let me love you more
That is all
