

# Monolith

## Anekdoten

A storm  
Will arise  
Building up  
From the hearts of the moons of Mars

Be prepared  
For the day  
When we walk from the darkness  
Out into light

Dawn  
Drawing near  
Comes a time  
'Cause the system is breaking down

Be prepared  
For the day  
When we walk from the darkness  
Out into light
