

Beautiful

A New Revolution

You're so conceded
But im so damn needy
Because being with you is better than being alone
They tell me I need to take a break
But who needs more heartache
I'm gonna feel like shit no matter what (oh no matter what...)

You're so...
beautiful...beautiful...beautiful...I'm sick

Cause it's made the way I feel
Obsession may be real
Every part of me has lost control

Even through all your and every feeling spent
Eventually I'm gonna pay for more
(I'll pay for more...)

You're so...
beautiful...beautiful...beautiful...I'm sick
