

Message

Angela McCluskey

The morning wakes me
As a message in my heart
I wonder if you can feel it
Or hear it

Just listen to your heart
Just listen to your heart

I have a message I wanna tell you
But there are no words
You just listen to your heart
Listen
Listen to your heart
Listen to your love

What's it telling you
How'd you know what to feel
What to do
Listen to your heart
Listen
Listen to your heart
Listen
What's it telling you
How'd you know what to feel
How

Listen
To your heart
Listen
Mmm, to your heart
Mmm, to your heart...

You just listen to your heart
Listen..
