

View from Below

Angels & Airwaves

They can't react again
The lips too numb to grin
The view it will be dangerous
Drowning with no cameras
To them

They wait the growling wind
The shape ablaze the bins
A quiet mind's distillery
A maddening thought of villainy by them

Ohh
The lightning clap
Ohh
In the mindless trap
Ohh
And the Gods will laugh
Lay me down now

Ohh
The lightning clap
Ohh
In the mindless trap
Ohh
And the gods will laugh
Lay me down by your design

From the narrow eyes
You cross your chest and cry
A quiet life to make believe
Your faith awaits so patiently
For them

Ohh
The lightning clap
Ohh
In the mindless trap
Ohh
And the Gods will laugh
Lay me down now

Ohh
The lightning clap
Ohh
In the mindless trap
Ohh
And the Gods will laugh
Lay me down by your design

Ohh
The lightning clap
Ohh
In the mindless trap
Ohh
And the Gods will laugh
Lay me down now

Ohh
The lightning clap
Ohh
In the mindless trap
Ohh
And the Gods will laugh
Lay me down by your design
