

Paint Hell Red

Angelspit

come on pretty, play with me
burn your hood, lay with me
my what big, teeth I have
better to mix, fluids with

take the path of needles to him
dirty girl feelin' playful
road to ruin paved with pins
hurried clumsy unstable

Beat at the head 'til you run red girl (pretty cannibal girl)
wake Shieva, I'm gunna Paint Hell Red (little miss vex girl)
beat at the head 'til you run red girl (night working blade girl)
raise Hades, I'm gunna Paint Hell Red (razor lolly-pop girl)

...and the cat said...
a slut is she, who eats the flesh
drinks the blood, kaka in bed
her play thing, soiled mess
come on puppy, Let's play dead

smashed beauty tied up with rope
nailed to the bed, beast seduced
(yell) axe girl summons flies and maggots
and if you're lucky, she'll slash you

Beat at the head 'til you run red girl (pretty cannibal girl)
wake Shieva, I'm gunna Paint Hell Red (little miss vex girl)
beat at the head 'til you run red girl (night working blade girl)
raise Hades, I'm gunna Paint Hell Red (razor lolly-pop girl)

run red run red, run red run

I am horror that you warned of
I bring ruin face to face
Like I'm not a child of God
I breathe revenge in this place

Beat at the head 'til you run red girl (pretty cannibal girl)
wake Shieva, I'm gunna Paint Hell Red (little miss vex girl)
beat at the head 'til you run red girl (night working blade girl)
raise Hades, I'm gunna Paint Hell Red (razor lolly-pop girl)
