

My House Your House

Angus & Julia Stone

Just a friend of mine
Just a friend of mine
Just a friend of mine
Just a friend of mine
Just a friend of mine
Just a friend of mine

Your house, my house
Your house, my house
Your house, my house
Your house, my house

Maybe this is where we belong
Maybe this is where we belong
Maybe this is where we belong
Maybe this is where we belong

It's funny how
When you come around
It's funny how
When you come around
It's funny how
You're not here

Your house, my house
My house, my house
Your house, your house

My house

Maybe this is where we belong
Maybe this is where we belong
Maybe this is where we belong
Maybe this is where we belong

My house, your house
My house, your house

Maybe this is where we belong
Maybe this is where we belong
Maybe this is where we belong
Maybe this is where we belong

Maybe this is where we belong
Maybe this is where we belong
Maybe this is where we belong
Maybe this is where we belong

Your house, my house
Your house, your house
Your house, my house
