

Other Things

Angus & Julia Stone

Go put the cat outside
Go put the cat outside
Go put the cat outside
Cause we've got things to do

There's other things on my (your) mind
There's other things on my (your) mind
There's other things on my (your) mind
So close the fucking door

I'll see ya later, tomorrow
I'll see ya later, tomorrow
I'll see ya later, tomorrow
I'll see ya later

There's a plane in the sky
There's a plane in the sky
There's a plane in the sky
If those people fall they will die

There's other things on my (your) mind
There's other things on my (your) mind
There's other things on my (your) mind
So close the fucking door

I'll see ya later, tomorrow
I'll see ya later, tomorrow
I'll see ya later, tomorrow
I'll see ya later
I'll see ya later
I'll see ya later
I'll see ya later
I'll see ya later
