

## Ahhh Good Country

Animal Collective

I thought our brother  
It should be a leader  
Who kept them all in green and red  
Should not be allowed to be free

Cause this land of mine beats still  
The place would rise above us  
To tear your roots up out the earth  
And man-made fruits don't

Ahhh good country  
Seeds above us  
Kiss this child and he'll surely wake up  
I don't care if  
I don't wake up  
You'll kiss me and I'll surely wake up

Ahhh good country  
Trees above us  
Mountain lions gonna surely wake up  
Child won't fret if  
He does wake up  
You'll see me and we'll surely make up

Ahhh good country  
Seeds below us  
Kiss this child and he'll surely wake up  
Don't you fret if  
I will wake up  
They'll see you then they'll surely make up
