

## Summing the Wretch

Animal Collective

Watch it watch you watching wretch  
Plugged into a people patch  
Watch as bonds that illustrate  
Also start to complicate

Catches in a net of type  
Absence makes the sense go dark  
All of the intended dart  
None of the extended soul

Getting screwed not much to do  
When no one's watching  
No one's looking  
Can you see it

Feel a surge and make a steal  
No one round to see the deed  
Surge so strong it's tough to tame  
Urges lead with none to blame

Things go up that must come down  
Those so down don't want to drop  
Every one so keen to glow  
Bubble up from down below

Wicked moves with none to lose  
When no one's looking  
No one's watching  
Can you be it

So  
Don't get caught lost

So  
Don't get caught watching  
Don't get caught lost  
Don't get caught watching  
Don't get caught lost
