

## Poquito

Anitta

(Poquito, it only takes a little bit, just)  
(Poquito, to get you hooked on all of this)  
(Like qué rico, just enough to make a mess)  
(Once you know, you can't resist)  
(U-uh, u-uh)

I got him on the way  
Drivin' here with no brakes  
My address in his ways  
And you know that it's saved  
The way that I put it down  
He always come around  
He been lost, now he found  
He been lost, now he found

Ay-ay-ay-ay-ay-ya  
I got him talking li-i-i-ike it's love  
I'm gonna get him hi-i-i-igh enough  
I got him talking li-i-i-ike it's love, love

Poquito, it only takes a little bit, just  
Poquito, to get you hooked on all of this  
Like qué rico, just enough to make a mess  
Once you know, you can't resist  
U-uh, u-uh

Give me feelings that'll never go away babe  
Love you like crazy  
Man, fucking you the greatest  
Always askin' 'bout my current situation  
Didn't wanna have you caught up in a love triangle, oh

I fucked up on that "we" shit  
Few girls for me, they ain't share (Yo)  
Why me? I gave her a few reasons (Couple of reasons)  
Pullin' up till we in wheelchairs (Yeah)

What's the ride like, let me know  
Bad bitch come forward just a little bit more  
Skipping all conversations and side notes  
Love that she's perfect from her head to toe (Yeah)

Poquito, it only takes a little bit, just  
Poquito, to get you hooked on all of this  
Like qué rico, just enough to make a mess  
Once you know, you can't resist  
U-uh, u-uh
