

Knock on Wood

Anna Graceman

We don't wanna dive too deep
We don't wanna think about drowning
We don't wanna climb too high
We don't wanna think about falling
We don't wanna move too fast... what if we crash?
Should we brace for the impact?

It could save us
It could kill us
We throw ourselves at the mercy
It could make us
Cruel and jealous
It could drown us in worry

Knock on wood, gotta keep away bad love (bad love)
Fingers crossed that my heart is strong enough (enough)
Oh, the way that we look at each other's a good omen
To keep holdin', oh
Knock on wood, gotta keep away bad love, bad love

Knock, knock, knockin' on, oh, oh
Knock, knock, knockin' on, oh, oh

We don't wanna think about time
We don't wanna think about aging
We don't wanna flirt with the fire
Wouldn't wanna put this in danger
I don't wanna doubt the fact... that we can last
I don't wanna be like that

So I, Knock on wood, gotta keep away bad love (bad love)

Fingers crossed that my heart is strong enough (enough)
Oh, the way that we look at each other's a good omen
To keep holdin', oh
Knock on wood, gotta keep away bad love, bad love

Knock, knock, knockin' on, oh, oh
Knock, knock, knockin' on, oh, oh

It could save us
It could kill us
We throw ourselves at the mercy
It could make us
Cruel and jealous
It could drown us in worry

So I, Knock on wood, gotta keep away bad love (bad love)
Fingers crossed that my heart is strong enough (enough)
Oh, the way that we look at each other's a good omen
To keep holdin', oh
Knock on wood, gotta keep away bad love, bad love

Knock, knock, knockin' on, oh, oh
Knock, knock, knockin' on, oh, oh

Oh, the way that we look at each other's a good omen

To keep holdin', oh
Knock on wood, gotta keep away bad love
