

Runnin' to Me

Anna Graceman

When you're looking over you're just overlooking me
But when I see you I see everything that we could be
So high but feeling so low
So tired of flying solo

You don't know whatcha want but you want it all baby
You say you don't got enough but you got everything

You said you wanted more
Let me remind you
That what you're looking for
Is standing behind you
Oh, won't you slow down
And stop runnin' away
Oh, you could turn 'round
And start runnin' to me

I don't know if I could really ever say these things
And I'm guessing that you don't know how much pain it brings
Got me thinking til my heart aches
Would we be just another heartbreak?

You don't know whatcha want but you want it all baby
You say you don't got enough but you got everything

You said you wanted more
Let me remind you

That what you're looking for
Is standing behind you
Oh, won't you slow down
And stop runnin' away
Oh, you could turn 'round
And start runnin' to me

Runnin', runnin' to me
Runnin', runnin' to me
Into these arms
Into my arms
Runnin', runnin' to me
Runnin', runnin' to me
Into these arms
Into my arms

You don't know whatcha want but I'm wanting you baby
If you gave me your heart I could give you everything

You said you wanted more
Let me remind you
That what you're looking for
Is standing behind you
Oh, won't you slow down
And stop runnin' away
Oh, you could turn 'round
And start runnin' to me

Runnin', runnin' to me

Runnin', runnin' to me
Into these arms
Into my arms
Runnin', runnin' to me
Runnin', runnin' to me
Into these arms
Into my arms
