

Queen Of The Rock

Anna Tsuchiya

Get up & ready
Get up & ready
Oh, I'm ready to leave this fuckin' town
Get up & ready
Get up & ready
Run to where you'll not need to shield your eyes
I'm getting sick of this ordinary day
Get up your courage
Get up your courage
It's time to remove the fear from your eyes

Get a bad review
Get a bad review
Oh, everybody is envious of your luck
Get a bad review
Get a bad review
Hell no. I'm just doing what I want
I'm getting sick of arcane realty
Get up & ready
Get up & ready
Oh, I'm ready to be Queen of the rock.

So baby, tell me what am I supposed to be
Tortured by a guilty conscience
What is wrong
What is wrong
What is wrong
You can't control me
HEY. I'm just doing what I wanna

Put on your make up and
Break your mirror
Die your hair pink and
Shake your head
Let's get psycho
Rock on with me
Nasty girl, crazy girl
I'm queen of the rock

Get some cool tattoo
Show your skin
Let's get drunk and
Beat them up
Lay your hands and
Fight for free
Nasty girl, crazy girl
I'm queen of the rock

Why don't you like me
Why don't you like me
Tell me am I so different from you?
Why don't you like me?
Why don't you like me
Please don't judge what you don't understand

In this living lie
I don't believe anything

Liberate your mind
Liberate your mind
Feel the light from your eyes & find the truth

So baby, tell me what am I supposed to be
Tortured by a guilty conscience
What is wrong
What is wrong
What is wrong
You can't control me
HEY. I'm just doing what I wanna

Put on your dukes and
Bang your fist on
Die your hair pink and
Shake your head
Let's get psycho
Rock on with me
Nasty girl, crazy girl
I'm queen of the rock

Get some cool tattoo
Show your skin
Let's get drunk and
Beat them up
Lay your hands and
Fight for free
Nasty girl, crazy girl
I'm queen of the rock
