

It's All Over

Anne Murray

You're leaving this old time
Too bad you're stayed around
Get your feet back on the ground
Cause it's all over

When all is said and done
You've had your little fun
Too bad you got to run
Cause it's all over

Call little day
You had your little moment
What can you do or say
To mend a heart that's broken

To see you one more time
Say everything is fine
But you know deep down inside
That you don't want him

The more you pretend
He's more than just a friend
Makes it harder in the end
When you're leaving

Call little day
You had your little moment
What can you do or say
To mend a heart that's broken

You're leaving this old time
It ain't the kind that's settled down
Get your feet back on the ground
Cause its all over

Call little day
You had your little moment
What can you do or say
To mend a heart that's broken

To see you one more time
Say everything is fine
But you know deep down inside
That you don't want him
And it's all over
And it's all over
