

# 1000 Miles Away From You

Anneke van Giersbergen

Here I am  
A thousand miles away from you  
I understand, I will have to do without you  
In the dark, forces run me down  
The end, in the corner of my eye

A thousand miles away from you  
A thousand miles

Honesty is following me around  
I have to do what is right  
I fall down, my face against the ground  
(I bow down)

A thousand miles away from you  
I understand, I will have to do without you  
In the dark, forces run me down  
The end, in the corner of my eye

I believe he'll find love  
In the kindest of gods  
I can see he'll find hope  
In the greatest of kingdoms

A thousand miles away from you  
A thousand miles away from you  
A thousand miles away from you

He'll find love  
In the kindest of gods
