

My Love Is Better

Annie

Coming with the light here we go again
First you say you're right
Then you take my pen
'Cos underneath your smile
You don't wanna lose
Babe I've got the style
You've just got the shoes
Came in from the start
Ready for a fight
Betting that you bark
And nothing on my bite
Now I'm on the run
You'll be back for more
We'll be having fun
But you'll be keeping school

My love is better (Than your love)
My heart is better (Than your heart)
My moves are better (Than your moves)
My shoes move better
And I'm be-be-be-better
My kiss is wetter (Than your kiss)
My lips are better (Than your tricks)
You know you never (Had my hips)
I'm so much better (So eat this)

Once upon a time
You said you'd challenge me
I said 'Alright'
I'll see you in your dreams
And for the last time
I'll shake you up, shake you up
Bet you'll have a fun time
Wakin' up, wakin' up

My love is better (Than your love)
My heart is better (Than your heart)
My moves are better (Than your moves)
My shoes move better
And I'm be-be-be-better
My kiss is wetter (Than your kiss)
My lips are better (Than your tricks)
You know you never (Had my hips)
I'm so much better (So eat this)

I'll let you go down if you go away
I need to know you're happy to play
I'll let you touch me every now and then
And if you want some yeah I'll tell you when
My love is better (Than your love)
My heart is better (Than your heart)
My moves are better (Than your moves)
My shoes move better
And I'm be-be-be-better
My kiss is wetter (Than your kiss)
My lips are better (Than your tricks)
You know you never (Had my hips)

I'm so much better (So eat this)
