

Hold on to Me / Hold On

Anthem Lights

When the best of me is barely breathing
When I'm not somebody I believe in
Hold on to me

When I miss the light the night has stolen
When I'm slamming all the doors You've opened
Hold on to me
Hold on to me

Hold on to me when it's too dark to see You
When I am sure I have reached the end
Hold on to me when I forget I need You
When I let go, hold me again

I need you to hold on
Heaven is a place not too far away
We all know I should be the one
To say we all make mistakes
Take my hand and hold on
Tell me everything that you need to say
'Cause I know how it feels to be someone
Feels to be someone who loses their way

You know you can call me if you need someone
I'll pick up the pieces if you come undone
Painting stars up on your ceiling 'cause you
Wish that you could find some feeling, yeah, you
You know you can call me if you need someone

Hold on to me when it's too dark to see You (I need you to hold on)
When I am sure I have reached the end (Heaven is a place not too far away)
Hold on to me when I forget I need You
When I let go, hold me again

I need you to hold on
