

Wildest Dreams

Anthem Lights

Baby let's get out of this town, drive out of the city, away from the crowds.
You know heaven can't help us now, nothing lasts forever.
But I'm not gonna take ya down.

She's so tall and wears it so well
She's so bad, I already fell.
I can see the end as it begins, but I can promise this.

I will remember you, standing in a nice dress staring at the sunset babe,
Red lips and rosy cheeks, I know I'll see you again
Even if it's just in my wildest dreams ah, oh, wildest dreams,
ah oh

She says no one has to know what we do, her words are in my head, they keep running through.
And her voice is a familiar sound 'Nothing Lasts Forever', but this is getting good now!

She's so tall and wears it so well
She's so bad, I already fell.
And when we've had our very last kiss
My last feeling it is

I will remember you, standing in a nice dress staring at the sunset babe,
Red lips and rosy cheeks, I know I'll see them again
Even if it's just in my wildest dreams ah, oh, wildest dreams,
ah oh

See me in hindsight
Hanging out with you all night
Burning it down
Someday when you leave me
I'll bet these memories
Follow you around
[x2]

I will remember you, standing in a nice dress staring at the sunset babe,
Red lips and rosy cheeks, I know I'll see you again
Even if it's just pretend

I will remember you, standing in a nice dress staring at the sunset babe,
Red lips and rosy cheeks, I know I'll see you again
Even if it's just in my wildest dreams ah, oh, wildest dreams,

ah oh, wildest dreams ah, oh, wildest dreams, ah oh
