

I Don't Mind

Anthony David

Uh-huh

I don't mind, look at my baby, ohh
She's all mine, you know that's my lady, ohh
I don't mind, look at my baby, ohh
She's all mine, you know that's my lady, ohh

You could look at her, no I'm not bothered
You can admire, but you better not touch her
You could just watch her, mmm, worship her
Bottle you bought her, we gon' drink it together
I know that she turns you on, I know that you wanna
I know the dress fits her right, I bought it for her
Whenever she steps in the club, I know she's the hottest
You can dream from across the room, homie I got it

I don't mind, look at my baby, ohh
She's all mine, you know that's my lady, ohh
I don't mind, look at my baby, ohh
She's all mine, you know that's my lady, ohh

I see you walk past me, watchin' her body
No be, why holler, but you gotta respect me
I see yo' desire, I know she's on fire
I'm showin' her off tonight, I'm proud of her
She's dancin' on the bar, smokin' on hookah
She's so dangerous, I love the way she's movin'
Whenever she steps in the club, I know she's the hottest
And when I take her home tonight, homie, I got it

I don't mind, look at my baby, ohh
She's all mine, you know that's my lady, ohh
I don't mind, look at my baby, ohh
She's all mine, you know that's my lady, ohh

Look at all these ladies, why you sweatin' my baby?
When I step away, why you got to be thirsty
Follow her on Insta', double tap her pictures
That's the most you'll ever get the chance to know her better

I don't mind, look at my baby, ohh
She's all mine, you know that's my lady, ohh
I don't mind, look at my baby, ohh
She's all mine, you know that's my lady, ohh
I don't mind, look at my baby, ohh
She's all mine, you know that's my lady, ohh
I don't mind, look at my baby, ohh
She's all mine, you know that's my lady, ohh
I don't mind
