

Hope Is Alive

Anthony Evans

When I lift my hands something happens
My fear fades my world changes your there
When I lift my voice sorrow traded
For freedom for love for you

Even through my pain
I will lift my voice and say

My Hope is alive
He's living inside
He's the light of world
He's living inside
A love that will never die
My hope is alive

So I raise my hands hope is rising
Jesus you all my heart needs
Even though my pain
I will lift my voice and say

Because he lives
I am changed
Because he lives
I will never be the same
Because he lives
A way was made
My hope is alive
He's living inside

He's the light of the world
He's living inside
A love that will never die

My hope is alive

So who am I
I'm alive
I'm alive
My hope is alive
