

# Blood Eagle Wings

Anthrax

Everything's been said, walk among the dead  
You can see my crimes, this is my design  
There's no right or wrong, it's the same old song  
Just keeps pounding me, hits so hard

Hell is empty, 'cause all my demons are here  
Ever so deadly, hit so hard

Darkness in my soul is taking hold and becoming  
Break me from this hold as I unfold blood eagle wings  
Darkness in my soul is taking hold and becoming  
Break me from this hold as I unfold blood eagle wings

My whole world built on bodies dead and gone  
You ignored the signs, that was my design  
And the loneliness, hits so hard  
In this grey place that exists in my mind

Hell is empty, 'cause all my demons are here  
Ever so deadly, hit so hard

Darkness in my soul is taking hold and becoming  
Break me from this hold as I unfold blood eagle wings  
Darkness in my soul is taking hold and becoming  
Break me from this hold as I unfold blood eagle wings

I ask you why  
Why fight everything?  
Why can't you accept it?  
You can never stop it  
And I don't want to try  
A weak half measured lie  
I'd rather see it die  
I'd rather see it die

I showed you why  
Why fight everything?  
Not what you expected?  
Your dystopian epic  
Of memories are a lie  
I don't have to try  
Unfold your wings and fly  
I'd rather see it die  
I'd rather see it die

I showed you why  
Why fight everything?  
Not what you expected?  
Your dystopian epic  
Of memories are a lie  
I don't have to try  
Unfold your wings and fly  
I'd rather see it die  
I'd rather see it die

Darkness in my soul is taking hold and becoming  
Break me from this hold as I unfold blood eagle wings

Darkness in my soul is taking hold and becoming  
Break me from this hold as I unfold blood eagle wings

I show you  
I ask you  
I show you  
Darkness in my soul is taking hold and becoming  
I ask you  
Break me from this hold as I unfold blood eagle wings  
I show you  
Darkness in my soul is taking hold and becoming  
I ask you  
Break me from this hold as I unfold blood eagle wings
