## **Fueled**

## Anthrax

I'm out to mix it up and change my complexion To coat the feelings and cure my depression A shot of petrol is my bona-fide method To lose control and get thoroughly distracted

I'm on the money, here I come Fuel for my engine, and I'm gone

I like to forget why I feel this compulsive As I toss tomorrow's dreams in the garbage What's important is a mind that's sicker Turning Jekyll into Hyde much quicker

I'm on the money, here I come Fuel for my engine, and I'm gone

1,2,3,4,1,2,3,4 Kick-start and turn me over Punch-drunk, but I'm still sober Fourteen years and a whole lot bolder And I don't flinch Hungry and I'll take the best 'Cause I never wanted anything less What doesn't kill me makes me stronger

It's like a war inside me, I'm good, I'm evil Two sides of the coin and I've been blessed with both On one hand I am you, but I don't like you I guess that's the nature o the way things work

I'm on the money, here I come Fuel for my engine, and I'm gone

1,2,3,4,1,2,3,4
Kick-start and turn me over
Punch-drunk, but I'm still sober
Bukowski's on my shoulder
With much to think
Hungry and I'll take the best
'Cause I never wanted anything less
What doesn't kill me makes me stronger
It's like a war inside me, action is all I know
Tell me it's suicide, tell me something I don't know

I don't know why I've been made some kind of hero When I've done all I can do to prove I'm not It's amazing to think someone could trust me Tell me what do you know about me really? And if you make the mistake of getting close to, Me, you'll just give me all that you've got So I don't know why I've been made some kind of hero When I've done all I can do to prove I'm not

1,2,3,4,1,2,3,4 Kick-start and turn me over Punch-drunk, but I'm still sober Fourteen years and a whole lot bolder And I don't flinch Hungry and I'll take the best 'Cause I never wanted anything less What doesn't kill me makes me stronger

1,2,3,4, I can't close this broken door It's just the nature of the way things work You wanna be me, I don't give a damn Anyone can do it but it takes a man not to Try so hard to give me a real life Anyone can do it but it takes a man not to It's just the nature of the way things work
