

Red, White and Brainwashed

Anti-Flag

They use the flag to control us
brainwash you to be their patriotic slaves
brainwash you by controlling what we learn
the only difference from the nazis is that someone tried to stop them

red, white and brainwashed (4x)

the government says they're working for us just as long as we increase their pay
but the minute they get into office we're a has-been of yesterday

red, white and brainwashed (4x)

the red stands for the blood of all the people we've slain
the white for this racist, bigoted foundation
the blue for your aryan eyes -- all empty
empty because you're taught to bow down to the man
"fly that flag, that flag of freedom."
"do what you can for your country."
go and fight their wars for them
"they're not following in our footsteps, kill them!"

red, white and brainwashed (4x)

they call that being a patriot
i just call it ignorant
if you don't fight to make thing better
then you're the one betraying this country!
