

Lonely Nights

Antique

As long as I can be with you,
As long as we can make it through,
I will hold you close
And never let you go,
And have no more lonely nights.

I, I want you,
You know just how I feel
I've been needing to tell you
That this love I have is real.

I cannot forget how you said you would be
The first time that we met,
All the things you said to me.

That as long as I can be with you,
As long as we can make it through,
I will hold you close
And never let you go, oh no;

As long as I can have you near,
As long as we can stay sincere,
I will hold you tight
And you will feel so right,
And have no more lonely nights.

People tell me
That love is so hard to find,
With you I've found it,
And I never want to leave it behind.

I remember how you said you would be,
Keep going all the things,
All the things you said to me.

That as long as I can be with you,
As long as we can make it through,
I will hold you close
And never let you go, oh no;

As long as I can have you near,
As long as we can stay sincere,
I will hold you tight
And you will feel so right,
And have no more lonely nights.

I cannot forget how you said you would be
The first time that we met
All the things you said to me

That as long as I can be with you
As long as we can make it through
I will hold you close
And never let you go, oh no;

As long as I can have you near
As long as we can stay sincere

I will hold you tight
And you will feel so right
And have no more lonely nights.
