## Anubis Gate

Would it be nice somehow  
To lose the plot somehow  
Jump off a cliff somehow  
Go off a ledge somehow

In the red of night  
I'm tempted  
In the red of night  
I face it all

In the blue of day  
I'm haunted  
In the blue of day  
I take the fall

In the purple dusk  
I fight it  
In the purple dusk  
I stand so tall

In the red of night  
I'm tempted  
In the red of night  
I face it all

In the blue of day  
I'm haunted  
In the blue of day  
I take the fall

There is no time to spare  
There's not much time to care  
So take me anywhere  
Anywhere but here
