

# This White Storm Through My Mind

Anubis Gate

In these rare moments  
I feel history  
I feel it coming  
These waves

This white storm through my mind  
Chromed numbness  
Determined, here I am

Tired to the bone....  
Ignition sequence have started. 6, 5, 4, 3, 2, 1, 0.....

In this sole emptiness  
Before the promises  
Before the maggots  
I caught your eyes for seconds

This white storm through my mind  
Chromed numbness  
Determined, here I am

Homo erectus  
Sapiens  
Destructus  
Shallow mind, hollow heart

This white storm through my mind  
Chromed numbness  
Determined, here I am

Strive to reach  
Stop at nothing  
Strive to reach  
Stop at nothing  
Evolution illusion
