

# Too Much Time

Anubis Gate

It's a thought that I've had for years  
So many brooks, only one may drown these boiling tears  
But it's a roll on a coaster ride  
Keeping track of the passing tireless light

With open arms, she took me in  
Set sail when you offered shelter from the wind  
But being foolish and unaware  
I navigated and shipwrecked our affair

You don't know  
But I died when they redid you  
But diligent, just spent the time

You don't know  
But I've been through  
Every facet  
I bet it's just a case  
Of too much time

I've never thought I'd be counting days  
Every minute just another book I'll fascinate  
I shoulda shaken a different tree  
I lost sight of the life I thought was meant for me

You don't know  
But I've been haunted by emotions  
And the ghost of a shattered dream

You don't know  
But I've caused a grand commotion  
And reached an all time low

Think again  
Before we break the chain

You don't know  
But every thought, every aspect  
I've been foolish and unaware

You don't know  
But I was a better prospect  
Reflections come to show

Think again  
Before you break the chain  
Stop, rewind  
No, you can't undo your mind  
No

You don't know  
But you're still alive in my diary  
My fate is just a case  
Of too much time

There's nothing I can say  
To make it go away

What if I'm not to blame?  
What if I'm still the same?
