

## Right Back Where I Started

Anuheia

Can we have a conversation  
'Cause it's driving me insane  
We both know our love is over, oh  
But when I try to walk away, hey, hey

You take my hand, turn off the light  
We hold each other through the night  
Drift into the stars, into the blue  
All the things we said before  
Suddenly go out the door  
Here I am floating into you  
And I'm right back where I started

It's time we stop and face the truth now  
We've been going back and forth  
You know it's gotta be unhealthy, what we're doing  
Oh, and my heart can take no more

And you take my hand, turn off the light  
We hold each other through the night  
Drift into the stars, into the blue  
And all the things we said before  
Suddenly go out the door  
Here I am floating into you  
And I'm right back where I started

Ooh, ooh, oh

And now you take my hand, turn off the light  
We hold each other through the night  
Drift into the stars, into the blue  
And all the things we said before  
Suddenly go out the door  
Here I am floating into you  
And I'm right back where I started, ooh  
I'm right back where I started, oh
