

You Had Me At Aloha

Anuheia

We're standing here with our toes in sand
Got salt in our hair and our hearts in our hands
The day is over like déjà vu
It kinda hurts but it hurts so good

The sun is fading and we gotta go soon
But we're catching these feelings and we know what to do

You don't need to buy me flowers
I don't even need a ring
'Cause you had me at aloha, and I want ya
Lay and count these stars with me
The stars with me

We're lying here all alone
Feeling like we're riding on a wave of our own
Our hearts are open, you're reading my eyes
I'm anticipating when your lips are on mine

A fairytale crush, a summertime fling
Straight Danny and Sandy on this sandy beach
Oh, we share today, it's too good to be true
You just said one word, I'm falling in love with you

You don't need to buy me flowers
I don't even need a ring
'Cause you had me at aloha, and I want ya
Lay and count these stars with me
These stars with me

The stars with me

You don't need to buy me flowers
I don't even need a ring, oh
'Cause you had me at aloha, and I want ya
Lay and count these stars with me
These stars with me
