

## Brain Burn

Anvil

Your mouth is bigger  
Than a two car garage  
An assault to my ears  
A verbal barrage  
Your point of view is nowhere  
Nowhere like you  
Your attitude stinks  
Like the garbage you spew

Brain burn  
You give me brain burn

Superficial outlook  
Shallow to the core  
Minuscule mind games  
You're nothing but a bore  
Out of sight, out of mind  
Out of touch, out of time

You think you're right  
But you're always proven wrong  
The proof is in the pudding  
The way you sing your song  
Out of touch, out of time

Nothin but a bonehead  
Solid as a rock  
You make me laugh  
You're something to mock  
You play it safe  
And never take a chance  
You're just a wimp  
You can see it in a glance  
Out of sight, out of mind

Brain burn!
