Anvil

People talking, but they just don't know  
Truth is hidden, lies begin to flow  
Broken phone and the facts go wrong  
Greed deception don't take long

Take belief in what they say  
Before you know it, all's gone astray

Conspiracy  
It's a conspiracy  
You'll never know it's a conspiracy  
Conspiracy

The suspicion grows  
What they let us know

Aluminates' society  
Agendas to ruin the economy  
Financers are going bankrupt  
Those responsible are all corrupt

Conspiracy  
It's a conspiracy  
Conspiracy  
It's a conspiracy
