

## Candy #1

**Anya Marina**

It's like eating candy when we talk so how can I resist you?  
Candy but I'm full, the memory of the pain begins to fade just  
as soon as you call

I'm not picking up, I'm not picking up,  
I'm not picking up, I'm just saying goodbye.  
I'm not picking up, I'm not picking up,  
I'm not picking up, I'm just saying goodbye.

It's like eating candy when I'm full every time I see you,  
Candy but I'm full, how can I resist you when the pain's just a  
s sweet as the fix?

I'm not picking up, I'm not picking up,  
I'm not picking up, I'm just saying goodbye.  
I'm not picking up, I'm not picking up,  
I'm not picking up, I'm just saying goodbye.  
I'm just saying goodbye.
