

# Heart Stops

**Anya Marina**

I fell in love  
I fell in love with everything  
The stars, the sea, the moon

I had it all  
I had it all when everything  
The stars, the sea, the moon  
Disappeared

How could the one  
How could the one  
The one you held so dear  
Just up and disappear?

Now you're nowhere near  
The sea, the moon  
You're in the air I breathe  
It's like you're haunting me

Lights went out! check the sun  
Nobody's heart stops beating just for fun  
Check your pulse, check your life, check the time

Doctor's in, jury's out  
I swear that his heart stopped beating  
Check it out  
Shoot it up, make it tick, make him mine

I was in love  
I was in love with everything  
The stars, the sea, the moon  
But then you disappeared  
(the sea, the moon)  
And now you're nowhere near  
(the sea, the moon)  
You're in the air I breathe  
(the sea, the moon)  
It's like you're haunting me  
Like you're taunting...
